Student Reading List

The student reading list is a form you can use to list books your student is assigned to read and/or keep track of the books they have already read. The subject would designate class the title falls under such as science, history (with time period), geography, etc. If it is a book they read for leisure, that is, it wasn't an assigned book, they can list the book and put "leisure" in the subject line. The Category would list the kind of book such as illustrated classic, unabridged classic, historic fiction, biography, etc.
